Delivery of Instruction

This course is delivered in English through a combination of daily classroom time and guided, interactive on-line learning. Classroom sessions include lectures, in-class tasks, field trips, guest speaker presentations. Online resources include discussion forums, videos, case studies, and simulations. Topics and skills are revisited throughout the courses to reflect our belief that knowledge is acquired through repetition and application in various contexts.

Required Equipment and Resources

To enhance learning experiences at the college, the use of online and mobile technologies in and out of the classroom will be used. By bringing their own computers and devices, students will be able to participate in collaborative learning environments and build the technological skills needed in today's workforce. All lesson and course materials will be provided to students.

Course Assessments

Students are expected to complete all assignments in the course. Program certification is achieved at:

- a pass (70-79%)
- high pass (80-89%), or
- distinction level (90-100%)

A total coursework score of 70% is required to pass this course. A minimum score of 60% must be achieved on all exams. Only one (1) rewrite is permitted per course for either an exam or assignment. More detailed descriptions of each assignment and instructions will be distributed during the course.

METHOD OF EVALUATION

Learning will be measured throughout the course using various assessment methods. These may include assignments, activities, simulations, quizzes, review questions, or exams. Students will also be graded on participation.

PROGRAM ORGANIZATION

Below is a list of the courses offered in the Sales & Marketing program to show a scope and sequence of subject matter sufficient to achieve the learning outcomes. The courses are listed as they are offered by term. Order of courses taken will be determined by start date. Course outlines will be distributed on the first day of each course. These outlines will include the core course outcomes and sub-outcomes (teaching and learning points), and required texts and resources.

PROFESSIONAL COMMUNICATION

Course Description: The ongoing success of an organization depends on having an environment that energizes and encourages employees to accomplish tasks by promoting openness and effective communication, in addition to the ability of employees to gather and share information. In this course, you will use a variety of skills that we need every day to help us successful in the workplace. The course is designed to strengthen your knowledge and application of concepts and skills related to writing effective daily correspondence, preparing formal reports and proposals, giving effective presentations while using correct language for a business context.

ACADEMIC STANDARDS POLICIES

It is expected that students will complete all examinations, assessments, placement (if applicable) and assignments as described in the Program Admission Requirements and Program Syllabus for this program of study as outlined.

Attendance Expectations

- ILAC International College keeps a record of your class attendance on a daily basis. Students are required to attend a minimum of 70% of the classes in each course **and** are required to attend a minimum of 70% of the program overall.
- Failure to meet the attendance requirements will result in students repeating the course in question, or potentially having work and study permits removed. It is the students' responsibility to speak with instructors regarding any missed readings, assignments, class work etc.
- If there are any extenuating circumstances concerning a student's absence, the instructor should be notified as soon as possible. It is the student's own responsibility to stay current with the course material and course curriculum and to "catch up" on any missed classes regardless of the reason for absence. By way of example, skipping or missing a class where a test or an in-class assignment was announced will not excuse a student from that test or assignment.
- Regular attendance is taken for each class and both absenteeism and lateness will be recorded on the attendance sheet and forwarded to the Administration Office. While the Institute will seek to be consistent and

reasonable in its approach to deciding what constitutes a valid reason for an absence, the Student Services Manager will have decision-making discretion in this process. The Institute will seek to balance the validity of the student's excuse with the importance of the course material missed.

- The Student Services Manager's remedies will be governed by the requirements of provincial regulatory bodies and any other regulatory requirements, to which the Institute is bound, as well as The Institute's "Discipline Policy" and best practices in the circumstances.

Coursework

- Students must successfully complete the required coursework for admittance into the work experience component of the program.
- Students must complete all courses with a minimum grade of 70%. In the event a student fails a course, s/he may repeat the course once.

Make-up Exams, Late Assignments

- Make-up tests, in lieu of tests missed due to illness or other permissible circumstances may be arranged. Any student who is unable to write a test at the scheduled time must make this request a minimum of three (3) days prior to the examination date. Student may be asked to provide documentation to support the absence (i.e. doctor's notes for illness). Unexcused absences from tests and exams may result in a score of zero (0).
- The instructors may use their discretion to determine if extensions on assignments will be granted. Assignments will be deducted 10% for every 24 hours they are late unless prior arrangements have been made three (3) days prior to the due date of the assignment by the student in writing.

Plagiarism

- Plagiarism is the act of submitting work that is, in whole or in substantial part, someone else's work, and representing it to be your own. Examples include, but are not limited to, the following:
 - copying previously published work;
 - copying another student's work;
 - reviewing materials or works from mailboxes, printers, faculty desks or other sources, and adopting those works as your own; and
- Using paid or unpaid services or other people to complete one's assignments.
- Students are expected to acknowledge the sources of ideas and expressions they use in essays, reports, assignments etc. Failure to do so constitutes plagiarism and is subject to academic penalty. Students who knowingly loan work to be copied, in whole or in part, by another student, for which a grade is assigned, are equally at fault in cases where plagiarism has occurred, and may also be open to academic sanction.

Cheating

- Cheating is defined as any deliberate attempt to obtain credit through the use of deceit or dishonest methods. Examples of such behavior include, but are not limited to, the following:
 - passing exam papers/solutions to another student;
 - repeatedly looking at other students' papers;
 - discussing or whispering of answers during a test;
 - submitting research reports in which no research took place; and
 - writing answers on a desktop.
- Collaboration where collaboration is expressly prohibited, whether or not that collaboration occurs online or otherwise (and despite the fact that collaboration will generally be encouraged by ILAC International College, in order to foster learning).
- Cheating offences are subject to academic penalty.

Academic Penalty

Academic penalties often begin with the awarding of a zero (0) on the assignment/project/test for the first offence and a notification from the Student Services Manager, in writing, of the offence. This notification is kept on file in the Institute's offices. A subsequent offence may result in removal from the course and the possibility of complete dismissal/expulsion from the program.

Dismissal/Expulsion

- Without limitation, a student may be dismissed/expelled from a program after review by the Student Services Manager for one of the following reasons:
 - failing or not completing all core courses (determined by program) in which the student is registered;
 - failing any course two (2) or more times; and/or
 - showing a consistent pattern over two (2) or more courses of failing to meet the program's standards or failure to meet expectations as determined in this syllabus. The Institute will seek to apply its policy of graduated discipline consistently, and in accordance with its "Discipline Policy".
- A student is considered to have withdrawn from his/her program of study if the student:
 - has advised the Institute that he/she has withdrawn from the program by completing the Institute's Withdrawal Form and/or
 - has not complied with the Institute's Academic Standards Policy or terms outlined in Enrolment Contract.

Grading Disagreements

- Where a student disagrees with a grade received or any decision resulting from application of the rules, policies, and regulations referenced in this syllabus in its entirety, the student shall discuss the matter with their instructor, or Student Services Manager in an attempt to resolve the problem.
- Both individual and/or group complaints should be handled as outlined above. Most complaints are resolved informally with the instructor or faculty member responsible for grading that student/group of students. Faculty members endeavor to be open and fair in dealing with students' concerns, thus students are encouraged to speak with the faculty member(s) involved in the matter.

Appeals

A student who feels there have been extenuating circumstances that adversely affected his/her academic outcome/progress may appeal to the Student Services Manager. A student who is dissatisfied with the decision of first instance may appeal to the Institute's Academic Manager.

Graduation Policy

- In order to complete the requirements for graduation, and receive ILAC International College Diploma or Certificate, successful graduates must have:
 - passed all course requirements (including work placement) with the required minimum grade,
 - passed all course examinations, and
 - met program attendance requirements.
- Upon completion of all course components and submission of work placement review documents, students will receive a transcript, and certificate or diploma. These take three to five (3-5) business days to prepare. Please contact the Student Services Manager for any early document requests.
